

**Heartbeat Bill's second Senate hearing is TOMORROW (Tues 12/12/11)
Call these State Senators ASAP!**

Ohio's pro-life Heartbeat Bill (H.B.125) passed the Ohio House in June 2011. It is now in the Ohio Senate with the second hearing scheduled for Tuesday, 12/12/11. **Urge the Ohio Senate to pass the Heartbeat Bill by Christmas---but tell them not to "gut" the bill---tell them to pass it in a strong form with legal protection for unborn babies.**

There is an effort brewing to GUT the bill by removing the part that would legally protect babies with detectable heartbeats! Some Senators want to cut the heart out of the Heartbeat Bill--and make it an "informed consent" bill only--without any legal protection for the baby! Ohio is just a "heartbeat" away from saving 90% - 95% of babies from abortion, but THE NEXT TWO WEEKS ARE ABSOLUTELY CRITICAL

Action: Please call these key Ohio senators.

Message: "Please do not 'Gut' the Heartbeat Bill. Do not cut the heart out of the Heartbeat Bill. Pass it by Christmas to LEGALLY PROTECT babies with beating hearts!"
